Hello Trey-

If you don't live in the Chicagoland area or don't plan to referee there, feel free to disregard this email.

I've been assigning soccer referees since 2014. I have a great system in place and referees really like it. I assign both center referees and assistant referees to most of the clubs I assign for. I have competitive and recreational level matches in the Chicagoland area. Recreational matches are a great place for new referees to start out. It's a self assign system based on ratings, thus you can select matches that fit your schedule. Any certified referees are welcome to join my group in gameofficials.net. We're all struggling a bit to get matches staffed with the small number of referees available so I appreciate you taking a look at my group. Instructions are on my website, but all you need is:

gameofficials.net
Group #: 1387
Access Code: soccer

Once you join the group, there is a manual that should answer any questions you may have. Let me know if you don't find the answer to your questions. I'm also going to be hosting Zoom meetings this week to help anyone that needs it. The Zoom meetings will be posted in the group.

If you are under 16 there are instructions in the group on how to get a work permit. All you need to do is take the letter to your school and they will issue you the work permit. It should not take more than a day or two to get one, but please get this taken care of today. I need to be emailed a copy. See the instructions on the letter.

If you're already in my group, but haven't been taking any matches please note that there are plenty of new areas that I'm assigning in. The areas that I currently have matches:
